# Environmental problem of Lviv: the waste removal and recycling

[https://www.youtube.com/watch?v=CPw7\\_DL6DFg](https://www.youtube.com/watch?v=CPw7_DL6DFg)

# Library helps city - project «Garbadge HERO» Start - 1 Maj 2016

# We created the ECOcorner at the Library

During the project  
we teach notions of garbage sorting  
and recycling:  
real and virtual

We use the latest technologies: for example the computer game «Garbage hero» is applied for learning of garbage sorting

<https://www.shadowmastersgames.com/games/garbage-hero/>

We teach children,  
parents, preschool and school teachers

# Organizing Green Parties

# Organizing ECOexcursions

We use ECOpackaging for books

# Environmental children's drawing contests

# Participate in citywide events

## Urban Workshop

# Participate in citywide events ECOforum

#powershift2016

<http://eco-forum-lviv.com.ua/ua/>

# Sharing experiences with colleagues

# Our Christmas tree - also ECO

# ECOevents in Library

During this time we have held 38 events, 971 participants

We've organized the event with planting greenery at the Library and at the balcony

# Project partners
