

## Translators wanted! *By Helen Chan, IFLA CPDWL Section Chair*

December 2, 2024

Our new poster promoting the *IFLA Guidelines for CPD* in the digital environment was proudly launched at the WLIC in Dublin (see the earlier blog post, 27 August 2022). We are now calling for LIS colleagues across the world to translate the poster into their own language(s).

The goal is to ensure that the important messages about the imperative for CPD for everyone working in library and information services is shared, with emphasis on the roles and responsibilities of all the stakeholders when professional learning moves online.

We hope that all national and regional library associations will support the translation of the poster for their members. If you would like to get involved in the translation work (it's only a couple of hundred words!), please contact Helen Chan ([helenc98\\_1998@yahoo.com](mailto:helenc98_1998@yahoo.com)) to request a copy of the poster template file.

We are looking forward to hearing from you very soon!
