Subfields Description

\$a Entry Element

The term in the form prescribed by the system of form or genre access points used. Not repeatable.

\$u Uniform Resource Identifier (URI)

The URI is used to identifies entities. Subfield \$u may therefore be used to link to form and genre terms in an external system. Not repeatable. (EX 5)

\$2 Source

An identification in coded form of the system from which the form or genre access point is derived.

It is recommended that subfield \$2 always be present in each occurrence of the field. Not repeatable.

\$3 Authority Record Identifier

The control number for the authority record for form or gender access point. Repeatable when it is necessary for more than one authority record identifier to indicate each part of an access point where the indexing system uses a pre-coordinated syntax.
